

A weekend to design a new scheme for everyone who cares about the park, also known as King Edward Memorial Park.

13th, 14th and on 15th October 2017

**Shadwell Basin Centre, Shadwell Pierhead,
Glamis Road E1W 3TD**

As part of the work to install a new super sewer, £3m has been allocated to improve Shadwell Park, with extra money to restore the waterfront after the work.

The Tideway Community Liaison Working Group, drawn from local residents and organisations, was set up to monitor the work. Now, it's bringing together a team of volunteer professionals to work for the community over an intensive weekend to produce a scheme that we can use and enjoy for years to come. The team will include designers working for the Council and Thames Tideway.

The weekend will be a series of briefings, tours and workshops to ensure that the scheme meets local needs.
